FAIRY LUNCH IS OPENED

When You Go For Your Dip "Lunch" Will Be Ready When You Come Out

The "Fairy Lunch," a place where light cream, soft drinks, candies, and light lunches may be obtained, has recently been opened at the Sidney Ferry Wharf, at the foot of Second Street, by Jack Greenwood, of the Sidney Hotel. The lunch room, although not large, has been built in such a way that an addition can be made at the front as soon as business warrants same. This lunch and refreshment booth will no doubt become very popular during the bathing season by local residents who take advantage of the fine beach and bath houses, which were erected last summer by the Sidney Board of Trade, as well as a place for tourists to get the necessary light refreshments that one craves while traveling.

SWEETS FROM JAPAN SHOWN

Miss Pooley Gave Interesting Address on Korea and Japan

The regular monthly meeting of the St. Andrew's and Holy Trinity branch of the Women's Auxiliary was held Wednesday afternoon, last week, at the home of Mrs. Herchmer, Downey Road. There was a good attendance. The president, Mrs. Gwynne, was in the chair. The meeting opened with a Bible reading by Mrs. Philp. The secretary, Mrs. Bowman, read the minutes, which passed. The treasurer, Mrs. Salmon, read the financial report, which was adopted. Other secretaries gave their reports. The dorcas secretary, Mrs. Herchmer, displayed all the articles contributed for the bazaar for the adopted Indian boy. It was decided to ask the Mother Superior from St. John's Sisterhood, Toronto, who will be on the coast at the beginning of July, to come out and speak on the work of the Sisterhood.

Miss Pooley, of Victoria, the candidate secretary of the diocesan board, gave a most interesting address on women for the mission field. She also spoke on Korea and Japan. Descriptive photos were passed round, also dolls dressed in the various native costumes to illustrate the address. A wonderful box of sweets from Japan was shown of candies representing the sea, seaweed, fish, red's, cherry blossom and wisteria. A hearty vote of thanks was proposed by Mrs. Philp to Miss Pooley for coming out and giving such an interesting talk. The meeting adjourned to meet next month at the home of Mrs. MacAulay, East Road. Mrs. Herchmer, assisted by her daughter, then served a most delicious tea.

GIRLS BANQUET THEIR MOTHERS

Canadian Girls In Training Treated Their Mothers To Lovely Spread Friday

The "Mother and Daughter" banquet given by the Canadian Girls In Training in Wesley Hall on Friday evening was a very pleasing and interesting affair.

The C.G.I.T. girls to the number of 14 entertained their mothers, or if not their mothers, their foster mothers, to a lovely supper which had been prepared by the girls.

The hall looked very pretty decorated in the club colors of yellow and green; the tables were done with yellow and green runners of crepe paper, and yellow poppies. At each place was a lovely little green and yellow cup of candy with place card, program and menu for each guest, painted by the girls, in green and yellow and the color scheme was carried out in cakes, jellies and salads, which made the table very effective.

Miss Fontain, Girls' Work Secretary for B.C., came over from Vancouver to be present at this special occasion and gave a most effective and educative lecture on the aims and objects of the C.G.I.T. movement. The program was as follows:

"SHORE ACRES" IMPROVEMENTS

Large Arch Erected Over Entrance—Verandah Is Made Larger

Mr. S. K. Halseth is just completing extensive improvements to Shore Acres—Sidney's popular summer vacation home. The verandah, which was previously only on the water-front side, has been extended around the building, and adds greatly to the appearance of the home as well as giving extra accommodation for summer dances and teas. The entrance to the grounds is being artistically arranged with a large arch and pillars at the driveway, and a new fence is being erected. The tennis court has been materially improved, many trees have been planted and the grounds generally are beginning to show a marked improvement.

PARENT-TEACHER MEETING

The monthly meeting of the Parent-Teacher Association was held in the school Tuesday, May 26th.

It was reported that the tennis ground was in order, that 15 members had joined the club and that the fees were sufficient to meet the expenses. It was also reported that the basketball posts were fixed.

It was announced that a meeting of the children and parents of the seedgrowers is to be held in the park Saturday, May 20th, at 3.30.

After the close of the business meeting a very interesting address was given by Mr. Charlesworth on the Educational Survey.

NORTH SAANICH CAPTURES FIRST PRIZE AT VICTORIA

The float display of the North Saanich Social Club portraying "Empire Builders" was beautifully designed in pale blue and white. On a dais sat Britannia in all Her Majesty, at her feet stood a British bulldog guarding the Union Jack. With fixed bayonets on right and left, stood "On Guard" one lad dressed as a British Jack Tar, another as "The 16th Canadian Scottish." Surrounding the float were children dressed to represent the various sports in boxing, cricket, football, baseball, basketball, tennis and aquatics, illustrating as it did that so as the children are taught the principles of sportmanship so will the British trait of "Playing the Game" govern them in their later life.

The complete float was drawn by 12 stalwart kilties in Highland gathering dress led by the pipes and drums.

For the ladies loved the Kilties And the bonnie claes they wear The other Floats reviled them For they filled them wi' despair; And when they saw them coming Oh! their hearts began to freeze For they wished their floats Were drawn by Those Braw Bare Knees! The success of this float and display was only made possible by the sporting attitude of Mr. and Mrs. Thomas in placing their house and barns at the club's disposal, as the days immediately preceding the 24th necessitated the constant attendance of all those assisting on the float.

The bringing to North Saanich of first prize is a tribute indeed to the North Saanich Social Club, who carried out this display. To extend any lavish praise would be irrelevant as looking back over its past performances "It is only what we expect of them."

LOTS OF FUN AT FULFORD 24TH

Many Witness Fine Parade—Three Queens Crowned—Dance Draws Crowd

Special to the Review

FULFORD HARBOUR, May 27.—The 24th of May fête, under the auspices of the South Salt Spring Island Women's Institute, was grandly celebrated at the "White House" grounds on Monday and proved a most enjoyable and successful affair all through. The weather turned out sunny for the entire afternoon, although a heavy shower at noon threatened to force the umbrellas out.

The parade of decorated floats entered the grounds at one o'clock and made a gay and pretty scene. The Divide school float, which led the procession, was a clever model of a ship and was draped in white and decorated around the "deck" with crimson roses and pink trimmings, while sprays of wisteria hung along the "water line." The pink riggings were caught up to the mast with a garland of flowers. The throne was placed on deck and was white, with pink roses and ribbons adorning it. The little queen's robes were also white, as were the maids of honor and page boy, while the flower girls were in pink dresses and carried pretty baskets of flowers. The Divide school teacher, Miss Eleanor Groppe and Mr. Percy Horel, were responsible for the decorations of the float.

Next came the Isabella Point school float, done by Miss O. Rogers, the teacher, and Mr. Bill Stewart. The float was extremely well done in wild roses and pink streamers and the wheels and body were pink and white. The float looked very beautiful and the queen and her retinue were all robed in white and carried lovely bouquets of flowers. The Burgoyne Valley float, which was the work of Mrs. T. Akerman, came third in line and was beautifully decorated in white, gold and green, the Institute colors. The main body and wheel-spokes were white, while straps of golden broom were artistically arranged all round and green and white streamers flowed from a Maypole above the queen's throne. Her Majesty and maids of honor were in white and the two little flower girls were dressed in golden yellow.

The color schemes of all the school floats were carried out perfectly and the decorators are to be congratulated on their beautiful work. Mr. (Continued on Page Two)

LEON ERROL AT AUDITORIUM

Ziegfeld Star With Dorothy Gish Due In "Clothes Make the Pirate"

Leon Errol, world-famed staged comedian, brings the fiercest crew of buccaneers that has scuttled a ship since Captain Kidd to the Auditorium Theatre Friday and Saturday nights, commencing at 8 o'clock sharp, in a Sam E. Rork-First National comedy presentation, "Clothes Make the Pirate."

Lovers of the adventure that Robert Louis Stevenson wove into his tales, and those who found their chief delight in the chuckling humor of Mark Twain, are promised a clever blending of these diversions in this film. It was adapted from the novel, "Clothes Make the Pirate," by Holman Day.

Fights abound, and there is a thrilling sea battle between a pirate ship and a British man-o'-war, with the pirates boarding and scuttling their victim after as desperate a hand-to-hand conflict as ever was screened.

Although the film boasts a spectacular sea fight said to rival the famous battle of "The Sea Hawk," the story of "Clothes Make the Pirate" is essentially comedy. It is a satire on piracy, presenting Leon Errol as a timid New England tailor who becomes a pirate chief by accident, after he has run away from home in fear of his nagging wife.

Dorothy Gish has the role of the wife. The supporting cast includes Nita Naldi, Tully Marshall, James Rennie, Edna Murphy, George Marion, Reginald Barlow and Walter Law.

INTOXICATED DRIVERS

The man who has a quart on his hip, three drinks inside, and a steering wheel between his trembling fingers, looks out on the slab with bleared eyes, gives her the gas—and then suddenly sees a car. Like a boy learning to ride a wheel he keeps his eyes on the thing he should miss. The road is just wide enough for two careful drivers. No road is wide enough for one careful driver and another who is drunk.

Alcohol paralyzes the higher nerve centre of the brain. The inhibitions are off. All restraint gone, precaution thrown to the winds, a driver "all lit up" with fire water wants to see how fast he can go. The word safety is not in his vocabulary. He is a deadly menace to everybody and everything he meets.

The intoxicated driver drives on until he runs the car into a telephone pole or into another car, or even a pedestrian if he can hit him. The shock of the accident sobers him, but only temporarily. Experience seems to show that such offenders repeat. A jail sentence insures the community against a recurrence of this form of running amuck. What users of the road need is to have drunken drivers kept off the road.

We take great pains to prevent accidents in industry. Millions of dollars are spent safeguarding machinery for protection of workers. So keen is the public conscience about preventable accidents that society imposes a heavy burden of reparation in the form of damages against the employer where accidents occur to people at work. An accident is no less an accident because it occurs on the highway. It is time to bear down heavily on intoxicated auto drivers. The public fears them, and with good reason. Every offender should be reported and vigorously punished.

"Let George Show You the Gulf Islands!" George who? Why George Lasseter, of course. Everybody knows George. If you don't know him he's easily picked out. Just take a walk down to the foot of Beacon Avenue and out on the wharf, about five to five in the afternoon on Mondays, Thursdays and Fridays—and standing near the Launch "Flo" a big man with a big smile will be found—that's George.

SUNSHINE

There seems to be a kind of tonic and regenerative effect in sunshine, and the people of the Saanich Peninsula and Gulf Islands should get all they can of it.

The old fashioned girl used to dislike to go out in the sunlight, for fear she would get tanned or freckled. The modern girl feels rather proud of being as brown as an Indian, in fact she is said to lie out on the beach sands for that purpose.

The majority of people would be afraid to work for an hour or two in the sunlight on a hot day for fear of sunstroke. Yet one very rarely hears of sunstroke among farmers, who have toiled in the sunlight for many years, and their rugged physiques show what it has done for them.

Everyone ought to cultivate some out door sport or activity that would accustom one to being out in the sunshine. The garden in your back yard can give you that invigorating experience just as well as the most expensive golf club.

With an auto ferry running from Sidney to White Rock, calling at Salt Spring, Pender, Mayne and Galiano Islands en route, a new tourist area of considerable size and beautiful scenery would be opened up. Everybody would benefit by a service of this kind. Who has the foresight to get in on the ground floor with a suitable boat?

THE VALUE OF FLOWERS

Many yards and porches throughout the Saanich Peninsula and Gulf Islands are beautiful with roses and other flowers. The beauty and perfume of the flower is almost as essential to the cultured soul as is the flavor and nourishment of the vegetable to the body. Cultivation of the human soul means an increased and refined capacity to enjoy. Flowers give their beauty and fragrance to all who are capable of appreciating same.

About 1928: "The tourist traffic has become so heavy on the route from Sidney to White Rock with thousands stopping off on the beautiful Gulf Islands that at Camp Lyonesse, Beaver Point, Pollok & Son are again figuring on a big program of improvements for the benefit of the traveling public."

Congratulations to the North Saanich Social Club on winning first prize, for the best float from points outside Victoria, in the big parade on the 24th in the city.

It is strawberry time once more in this part of the world. Strawberries and cream sure make a fine combination—at least Ed. Blackburn proved that was the case about this time last year. Yes, sir, these WERE nice strawberries Ed.

The greatest satisfaction in life is to do good work.

LOTS OF FUN AT FULFORD HARBOUR ON THE 24TH

(Continued from Page One)

Tommy Isherwood entered the parade with his car gaily decorated with pink and green trimmings, yellow broom, red roses, silver balloons and finished off with flags, while last but by no means least, a new model Ford taxi, consisting of an old wheelbarrow, adorned with flowers, in the midst of which sat Mr. T. M. Jackson, looking unique and charming, dressed as a flapper, evidently, for he wore short skirts and rolled stockings and had painted his face, unflapper, except for the wig which reposed under a beautiful hat, for girls (most of them) do not wear wigs now, and also he had forgotten to shingle his moustache, but aside from these little mistakes, he looked lovely as he played sweet strains on a guitar, which needed tuning, by the way, while Mr. G. Jackson, who acted as chauffeur, cut a comical figure in his many-colored costume and blotched complexion of green, red and every other color except natural, as he "wheeled" his "lady papa" merrily amidst peals of appreciated laughter. Truly, they were sights worth gazing upon! After this exciting scene the floats were judged by Mrs. T. Shaw, of Ganges, and Mrs. Scott. The first prize was awarded to the Divide school float and the second to the Burgoyne Valley float. The queens and their attendants then were placed in order and their majesties were crowned. Mrs. Maxwell, the president of the Women's Institute, then presented the queens and maids of honor with gifts, after which "God Save the King" was sung. The queens and their retinues were: Divide school—Winnie Stewart, queen; Nancy and Ruth Stevens, maids of honor; flower girls, Mariel Stewart and Sylvia Becker; page boy,

Harry Jones, who had the honor of crowning the queen. Burgoyne Valley—Queen, Dora Urquhart; maids of honor, Myrtle Sparrow and Helen Daykin; flower girls, Dorothy Gyves and Eileen Cearley, Edna Morris, as last year's queen, crowned Queen Dora. Isabella Point—Queen, Rosie Lumley; maids of honor, Pearl Sheppard and Sophy Roland. The little queen was crowned by Margaret Sheppard.

The tableaux and dances by Mrs. Jones' pupils were much enjoyed. The first on the program was a spring tableau and the next was an old-fashioned dance, which was prettily performed by Florence Mollet, Edna Morris, Dora Urquhart, Helen Daykin, Eileen Cearley, Kennie Eaton, Mary Lacy and Dorothy Jones. The children looked very pretty in their mauve dresses and poke bonnets trimmed with yellow. The next was a Green tableau by Evelyn Jackson and all the above mentioned children, including Kathleen Lacy and Agnes Cairns. Then came a pretty spring tableau, followed by the Maypole dance, which was well done, and about the prettiest on the program was a tableau, "Cinderella and the Prince," by little Agnes Cairns as Cinderella, Kennie Eaton the Prince and Mary and Kathleen Lacy and Eileen Cearley as fairies. The program ended with a dance, "Four Little Girls in Blue," by Edna Morris, Dora Urquhart, Florence Mollet and Helen Daykin. The teacher and pupils are to be congratulated on their splendid program.

The most popular stall on the grounds was the lucky prize stall in charge of Mrs. Jackson, who was helped by Miss Dohlan, Mrs. Ringwood and Mr. G. Jackson.

The men's hat-trimming contest was a scream and was in charge of Mrs. A. Davis. The first prize was won by Mr. Lacy and the second went to Mr. A. Davis. The judges were Mrs. Tassell and Mrs. Oxenham. Capt. Drummond's hat was highly commended.

The home-cooking, ice-cream and soft drinks stall was in charge of Mrs. T. Akerman and Miss E. Rowland, and the fruit stall was in the charge of Mrs. Horel and Miss Gladys Shaw. Afternoon tea was served by members of the Institute.

The officers and members of the Institute wish to thank Mr. and Mrs. Eaton for so kindly letting them use their grounds, also Mrs. J. S. Jones for her splendid and entertaining program, and all who helped with the affair.

A baseball match was played between Ganges and Fulford teams and was won by Fulford, 16-1. Mr. J. Sparrow was umpire.

The prizes for the best decorated cars went to Mr. T. Isherwood and the prize for the comic was won by Mr. Jackson. The sports for the children will be printed next week, with the financial report of the whole affair as well.

A dance was given in the Fulford Hall in the evening and the hall was packed. Parfitt's orchestra supplied the music. Balloons were sold and the balloon dance was won by Mr. Fred Morris and Miss E. Gropp, first; and Mr. Bobbie Akerman and Miss Florence Mollet, second. This dance caused heaps of fun.

A VOICE FROM THE "DRY BELT"

For the consideration of those who would introduce Victoria City Water into North Saanich and claim that "this district" is rapidly moving into the "Dry Belt," as published in the press of last week.

Out here in North Saanich we aimlessly stray—

Praying for rain, for rain;

Wondering if ever there will come a day

When we'll get rain, get rain.

Just how we're alive is a puzzle to me,

You can't see a flower, or a leaf on a tree;

Our fruit crop's gone goofy, our grain's on the blink,

The cows are on strike—cause they can't get a drink;

The hens won't lay, and the roosters won't crow,

What we're to do! I'll be darned if I know!

The life of the Rancher—"out here"—is no joke,

If we don't get "more water" we're likely to croak!

Our tongue's hanging out a foot over our chin,

We don't "know" ourselves—we are getting so thin.

Chink gardeners may leave us—we'd love them to stay—

As the "garden truck's" growing too fast, so they say.

The grass is so short—it's just up to our knees,

And the apples have sworn they'll go "Oversens."

The spuds called a meeting, and said: Look-a-her!

If we don't get "some" water, we'll be some price next year.

Strawberries won't "straw," and the peas won't pod—

I don't fault them, the ground's like the "Saanich paved road."

Oh! Mayor Carl Pendray, and Alderman Todd!

Hurry up with "that water," and we will thank God

There's two men on this island who know what we need

To water our cattle and help grow our feed.

On the day it arrives we'll fly up in the air!

We'll be able to "wash," and have plenty to spare—

Then we "can" have to "Pray" for rain.

The big problem is distribution, says Steve Jones. Too many pedestrians and automobiles are trying to occupy the same space.

If your head bumps the top every three seconds, says McKillican, you are on the right detour.

Judge (sternly): And why had you been drinking?

Motorist (meekly): Please, your honor, the doctor told me my blood was getting watery, and I put in a little alcohol to keep it from freezing.

Which is the preferable road to Smithville—by way of Jonesboro or by way of Brownstown?

"Well, some prefer one, some the other."

"Why the preference?"
"Well, the ones who go via Brownstown prefer the Jonesboro way, and vice versa."

If all the world's a stage, says Alan Calvert, the grade crossings must be the exits.

Proverb Improved: A fool and his automobile are best parted.

Ah, Men!
Many a wicked line she typed
Until the boss's heart she swiped;
But after the martial march was piped,
Many a dirty dish she wiped.

It's hard for the average citizen to realize that 40 years ago there was no such a thing as a spark plug and every road was a detour.

Willie Willis: Pop, what is a mortgage?
Mr. Willis: Oh, it's something that comes with an automobile, my son.

Sign on a Flivver that went squenking up Beacon Avenue yesterday, "You don't need to laugh girls. If you had all the paint rubbed off you, you'd look like heck, too."

At 10 Miles An Hour
"I understand you have a second-hand car. Do you drive it?"
"No we conx it along."

The engine that knocks is losing power, Frank Smith says the man who knocks has little to lose.

Why pay an exhibitant price for gas? Walk along any well-paved highway and you can breathe all you want of it free.

Ben Higgins never would be passed, He bragged his car's endurance, He passed six cars with backward glance— His wife has his insurance.

If she is driving and he is afraid she'll hit something, she is his wife.

BLACKHEADS
Blackheads go quickly by a simple method that just dissolves them. Get two ounces of peroxide powder from your druggist, rub this with a hot, wet cloth briskly over the blackheads—and you will wonder where they have gone.

Club concert tonight in the Auditorium Theatre at 8 o'clock. Music lovers, a good treat is in store for you. The Arion Club was organized in 1892 and is the oldest male voice choir on the Pacific Coast. It needs no introduction to the people of North Saanich. A dance after the concert will be held in the Berquist Hall at 10.30. Good music is being arranged for and an excellent opportunity is offered all those who would like a good few hours dancing to wind up the evening. Proceeds will go towards the Sidney and North Saanich War Memorial Park Society, and it is hoped there will be a full house for this musical treat, as we are fortunate in securing the Arion Club, who give their services freely to all worthy causes.

Mrs. Herbert Dodgson and her two small children returned to Vancouver on Friday.
Mrs. Rea, of Vancouver, is visiting on the Island with her daughter, Mrs. P. G. Stebbings.
Mr. Joe Liberto, Mrs. Carpenter and Mr. Stephen Adams spent the week-end in Victoria.
Mr. and Harold and Laurie Auchterlonie and Miss Ruth Hoffman spent a few days on the Island.

Miss Seal, of Victoria, is staying

with Mrs. Alex. Hamilton at Brown- ing Harbor, in Mrs. Taylor's absence.

Mr. Jim Bryant and Mr. Pat O'Neil are spending a few days on the Island, with Mr. and Mrs. Auchterlonie.

Tom Newnham has recently purchased a launch and intends to go fishing soon. Mr. Jas. Bradley has sold his launch.

Mr. and Mrs. Jas. Simpson gave a jolly outdoor dance to a number of their friends on Monday evening at their home at Otter Bay.

Mrs. Geo. MacRae and two children, of Vancouver, arrived Saturday and will spend a few days with her mother, Mrs. James Simpson, of Otter Bay.

Mr. Simpson came down from Vancouver for a holiday and was a guest of Mrs. J. H. Simpson and Miss Vera Simpson, who are occupying Mr. Fry's home.

The annual sports day on the 24th proved a very enjoyable outing for both old and young. The site this year was at Welcome Bay, where Mr. and Mrs. Fred Smith kindly loaned their camping grounds for the occasion. The weather was ideal and all the usual sporting events were well participated in. A booth where refreshments and icecream were sold did a rushing business all afternoon.

A surprise party was given in honor of Miss Hilda and Grove Logan on Friday, 21st, at Port Washington. An enjoyable evening was spent and delicious refreshments were served at the close. The guests were Misses Beth Brockett, Vera Simpson, Helen Boyd, Gertie Adams and Elsie, Edith and Mae Bowerman, Messrs. George Grimmer, Arthur Bowerman, William Hooson, Basil Philips and Roy and Stephen Adams.

Galiano Island Locals

Special to the Review
Mrs. A. Hawthorne and baby visited Victoria returning Friday.
Mr. James Drysdale, Mayne, spent a few days at Murcheson's farm.
Mrs. Robert Wright is visiting her grandfather, Mr. Henry Georgeson.
Mr. and Mrs. Walker and nephews camped at Montague Harbor for the week-end.
Mrs. Bambrick and Kathleen, Mrs. Bellhouse, Miss Winnifred and Phyllis Bellhouse, Mrs. Kingsmill, Mr. L. F. Bellhouse, Messrs. J. and N. Cook, O. Hardy and O. New were amongst those from Galiano present at the opening of the Grandview Hotel at Mayne last Friday.

Mr. George Georgeson, well known resident, had an unpleasant experience whilst piling wood in the bush near the public road when some unknown person shot over his head with a 22 rifle. Luckily he was stooping so was unharmed, but had a narrow escape, the bullet passing within a few inches. No doubt some youth or stranger to this part of the Island did not realize the position of the public road, shot at random, perhaps at a crow to gain the large bounty of ten cents. Seeing the game season is out no other motive seems feasible, unless Galiano has been visited by a hold-up man.
